

Construction Notice: Valley Line West LRT

Construction Pre-works on 87 Avenue, 156 Street, Stony Plain Road, 104 Avenue and 102 Avenue

In March 2021, Marigold crews began work to verify local ground conditions along the entirety of the Valley Line West alignment. This work will be ongoing through to the end of August and includes drilling boreholes for underground samples, locating utilities, surveying, and taking measurements that will provide important data to guide the design and construction of the LRT infrastructure.

Valley Line West Alignment-wide Construction Pre-Works

- This will be a Moving Work Zone – work will not be fixed to one location but will move from site-to-site along the alignment between Lewis Farms Transit Centre through to the downtown core (102 Avenue and 102 Street).
- Work will occur during off-peak hours (9 a.m. – 3 p.m.)
- There will be periodic traffic interruptions while this work occurs (15 minutes up to three hours at each location).
- This work is expected to last through to the end of August.

The information in this bulletin is current to June 4, 2021. Please note that all dates are approximate and weather-dependent. We thank you for your patience during construction of the Valley Line West LRT project.
